

## DHS Lighting (Asia) Limited Background

DHS Lighting is a **professional lighting consultant** with design and supply of smart lighting solutions such as LED light, energy saving lamp, outdoor light, LED advertising system and underwater lighting.

**Customer satisfaction and technology innovation** are our basic concept of our products. DHS has a proven track record of helping companies maximize the potential business benefits of using LED lighting. By combining the most advanced digital control system, design rendering and lighting fixture designs with our energy audit standards and performance, DHS becomes your long-term partners for lighting consultant.

**DHS Lighting is your long-term partnership** in lighting design and build project consultant.

## Our Message ...

**We think out of the box**

We have stressed the easiest way  
for people to be innovative in their design  
is to think out-of-the-box, to break their paradigms or  
mindsets, their ways of thinking. To drive hybrid  
solutions in their lighting environment is to think out  
of the box in a new way of **integrating  
an art and a science of lightings.**
